Dear Sir:

This will serve to notify you of the existence of a potential labor dispute which might delay the timely performance of this contract.

The union which represents our production and maintenance employees in the Syracuse area has publicly announced at the National level that it will call a strike on October 2nd if we do not meet certain demands made by it in connection with the current reopening of our contract with the union. To date, the [] Local has not indicated whether they will join such a strike.

We are keeping the local Air Force and Navy representatives informed, and will be glad to supply any further information you desire. We are hopeful that no work stoppage will take place.

Very truly yours,
